## CHAMPION EVERBEARING

The CHAMPION, which is known to the Strawberry world today as a leader and a world wide favorite Everbearing. Unsurpassed for its productiveness. Berries very large, deep dark red. Sweet as honey. Aromatic flavor. The richest flavored canning Strawberry of them all. Oval shape, almost round. Seed well into flesh, firm, good shipper. Plants strong, vigorous, hardy, resists frost and good plant makers.

Bears all summer and fall until hard freezing; very often found in December under the snow uninjured. The most productive Strawberry in all the world. The United States Department of Agriculture, Bureau of Plant Industry, Washington, D. C., has no record that has exceeded the following record from any one acre.

The following is the world's record as grown by us, the originators: "From one acre set to Champion we produced 5,623 quarts of berries that sold for \$2,059.20."

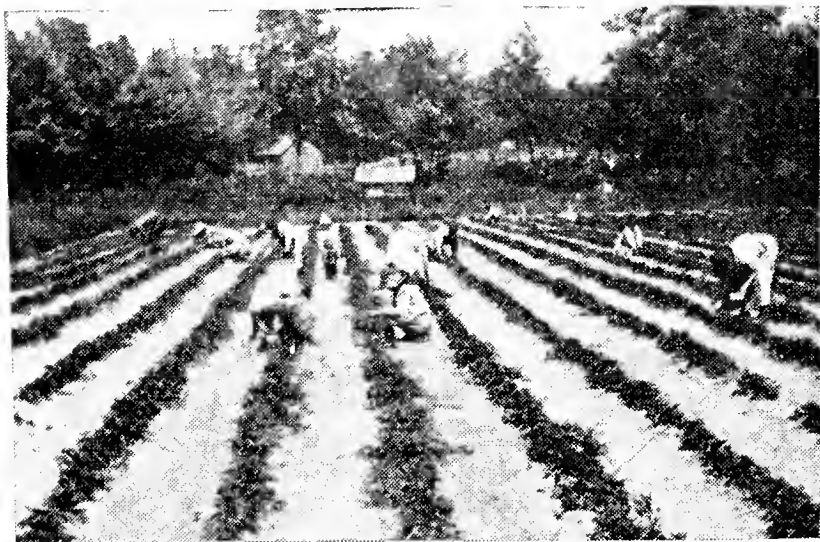

This is the best record known in the United States. There were 352 sixteen-quart cases picked from this acre in 129 days and from August 8th to August 15th, just one week, there were 689 quarts picked that sold for \$293.05. The average price obtained for this crop of one acre of Champion berries was \$5.85 per case. This record was made the same year the plants were set. We have found 275 green and ripe berries on one plant.

We have made a tour of 23 states by auto and passed hundreds of roadside fruit stands and found very few Everbearing Strawberries for sale. This is a new field, for those who have a good market. Because you have something to sell that everybody does not have for sale. You have the market all to yourself. Just think of the berries that you could sell right in your own home town. It is a proven success. No more lean years when you plant the Everbearing. A full crop of Strawberries the same year you plant them. This is a real paying proposition.

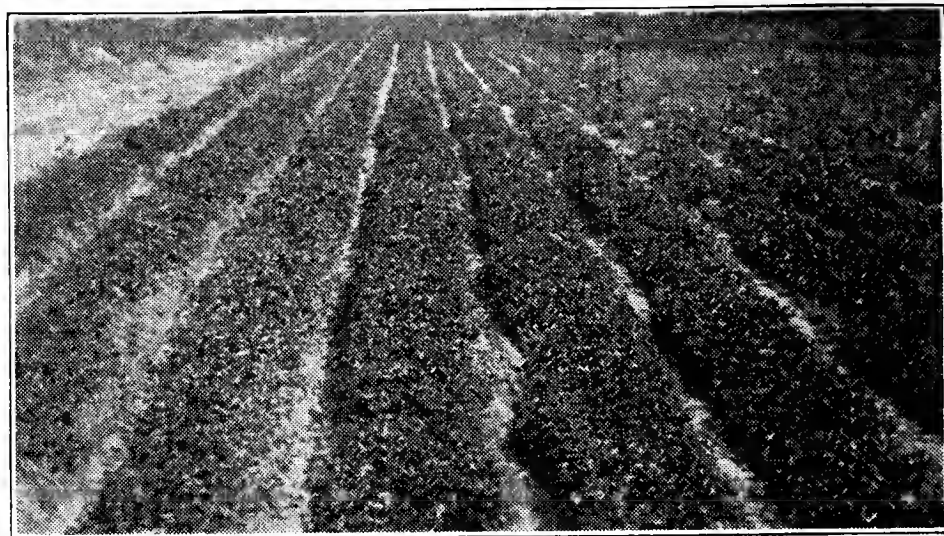

Order direct from Originator. We believe that we are the only Nursery today that have the Genuine 100 per cent true plants. Sixty days after your plants are set out they are loaded with buds, blossoms, green and ripe berries in all stages of development. Club Orders 10% Discount.

**MASTODON** is the most Wonderful Everbearing in history. It well deserves its name. Bears fruit that will actually approach the size of small apples. Mastodon has another tremendous advantage, because it will produce a wonderful crop, 10 months out of 18. Berries will hold their mammoth size throughout the whole season. Just as large in November as in July. The huge size of the berries and the mammoth yield of each plant is truly marvelous. Mastodon is the most sturdy and vigorous plant maker. Bushy, with heavy foliage, that not only protects the vines from the hot scalding sun in summer but also protects the fruit during the frosty nights of late fall. It is an upright growing plant with its enormous fruit stems high up from the ground, avoiding sandy fruit. It has an unsurpassed root system, which enables them to bring its loads of large fruit to maturity in dry season as under adverse conditions.

They are also heavy fruit producers of large size when grown in matted rows. Some of our berries measured  $1\frac{3}{4}$  inches wide, 2 inches long and  $5\frac{1}{2}$  inches around the berry and weighed one ounce. Real strawberries. Nine berries have topped a quart box. The largest berries on record and the nearest perfect in every way, size, color, sweetness, flavor and hardiness. Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the truest sense of the word, which greatly adds to its market for top prices.

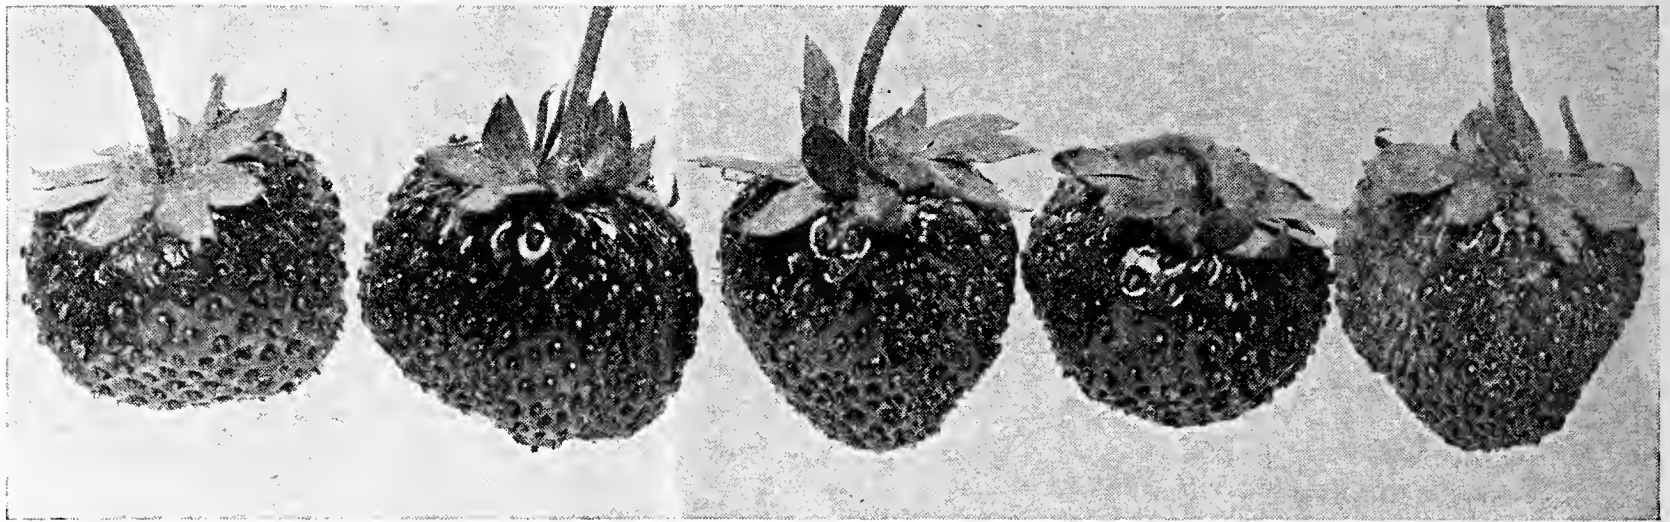

Plant Everbearing this year and have insurance on your Strawberry crop against frost. From plants set in April it seems almost impossible to have fresh Strawberries in July, August, September, October and continue until all vegetation is frozen. Cash returns in 60 days after plants are set. Far better than Wheat and Corn for quick profits. Requires the smallest amount of ground. Our 7 year average was \$90.81 per 1,000 plants set. Per acre average was \$1,543.77. 186 to 364 quarts of Strawberries picked per 1,000 plants set. Made from \$60.90 to \$125.00 per 1,000 plants set in our 7 year average. Set and harvest all in the same year.

We hold the United States record for picking the most Everbearing Strawberries, from one acre, set and harvested all in 129 days. Plant this year. Our Guaranteed True to Name plants. Do not wait. Our plants are grown on especially prepared sandy soil, which means thousands of extra fine deep-rooted first class plants at reasonable prices. Five per cent discount, see page 20. SO WHY PAY MORE? ORDER EARLY. Club Orders 10% Discount, see page 23.

**25 for 50c; 50, 75c; 100, \$1.00; 250, \$2.00; 500, \$3.75; 1000, \$7.50**  
**2,000 Plants, \$14.00**

Picked 800 quarts of Mastodon from 1,000 plants. Most wonderful berry.—Mr. Albert Waylander, Litchfield, Minn.

## OAK HILL'S SPECIAL

This wonderful new berry is handsome in appearance, very large, round and smooth. Beautiful rich, red color. Grown on long fruit stems, 8 to 10 inches long. Thick as a common slate pencil. Plants grow from 12 to 15 inches high. After testing this variety with others it is found to be the best. Particularly valuable for the longest season Strawberry known.

It bears large quantities of the choicest Strawberries for six weeks. Large as a small peach, with nature at her best. From 350 plants we picked 150 quarts of Strawberries from one picking. Our berries were extra large throughout the berry season. We got 25c per quart; never had enough. Think of it, \$37.50 from one picking; 350 plants.

Every year our berry customers come in and say, we want some more of those Oak Hill's Special Strawberries. This is our favorite Strawberry. Extra sweet with two big bites to each berry. They sure are Giants, both plant and berries. Hand cleaned plants.

**25 Plants 50c; 50, 75c; 100, \$1.00; 250, \$2.00; 500, \$3.00; 1000, \$6.00**

## DORSETT

Dorsett was introduced by the U. S. Department of Agriculture. A cross of Royal Sovereign and Howard 17 (Premier). Its vigor, productiveness and dessert quality were outstanding. Ripens with Premier, but a much larger early crop is produced. Season much longer than Premier. Dorsett yields heavy in wide matted rows. Has a record of over 6,000 quarts per acre. Fruit is held up off the ground. Fruit very large, conic in shape and a color of bright red. Its flavor is mildly subacid, aromatic, juicy, sweet and very pleasing. From all reports Dorsett will be a prize winner and a real money maker to the berry growers. We urge you to test it out for commercial plantings.

**25 for 55c; 50 for 80c;  
100 for \$1.35; 250 for \$2.75**

## FAIRFAX

Fairfax was also introduced by the U. S. Department of Agriculture. Parentage probably from Premier. Makes more runner plants than Premier and more disease resistant. Fruit stalks are strong and upstanding. Fruit matures in clusters. Size very large. The Fairfax has the richest flavor and is very sweet. Flesh red to dark red, juicy. Dessert quality very high. Good shipper. Fairfax has a fruiting record of over 5,000 quarts to the acre. The Dorsett over 6,000 quarts. Premier over 4,000 quarts. Be sure that you plant Dorsett and Fairfax this year. Try out these two new extra early varieties in your soil.

**25 for 55c; 50 for 80c;  
100 for \$1.35; 250 for \$2.75**

## CLERMONT

Originated at the New York Experiment Station. From a cross between Marshall and Premier. Extra early and large firm Strawberries. Claimed to be Superior to Premier as a commercial variety. There is hardly any comparison. Very productive. A real rival for Premier. A fine new Strawberry with us. Clermont is a brand new one. Plants are limited as we want to increase our own acreage.

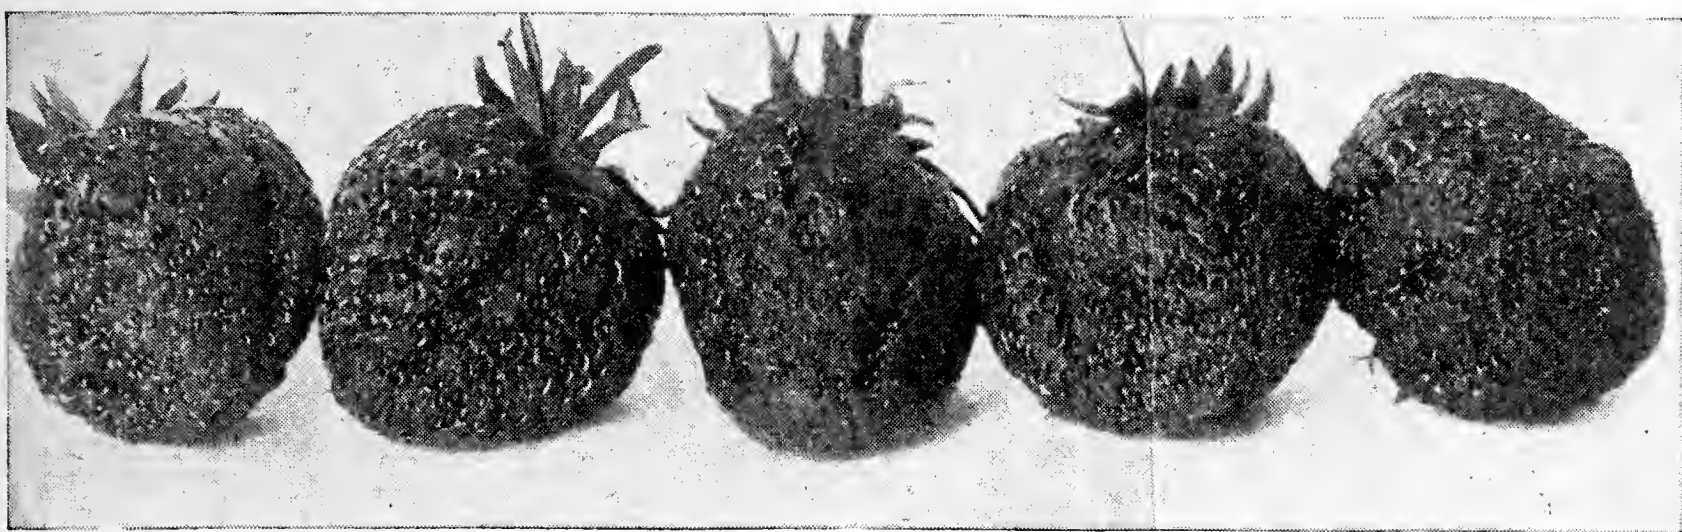

**25 for 50c; 50 for 75c; 100 for \$1.00**

## RED HEART

Red Heart is another development of the United States Department of Agriculture. A vigorous, healthy grower, moderately productive. Berries large, high quality, rich red clear through. Recommended by the department as a canning strawberry of high quality. Fine medium early berry for the richer soils of the Northwest and the central Northern States. We are more than pleased with the fruit of this new variety in our testing bed this past season.

**25 for 50c; 50 for 75c; 100 for \$1.00**

Bought plants for 40 years; yours are as fine as ever received.—Mr. E. L. Collar, Vermillion, S. Dak.

## LUCKY STRIKE EVERBEARING

Lucky Strike is a fine Everbearing with us. Very productive. Fruit very large and is of a beautiful bright red color. Sweet and very firm. There is something indescribable about Lucky Strike. Its rich sweet flavor commands admiration from our roadside customers. Some of our plant customers say that Lucky Strike produces the most magnificent berries they have ever seen. The plants grow big and sturdy. Heavy long roots withstanding in the drought area. You can enjoy real rich juicy Strawberries that are simply delicious right from your own garden all summer and fall. You can also look for a big fruit crop early next spring if you plant Lucky Strike. We only list six of the very best of the Everbearing varieties. We have a few other varieties like ALDRICH, NEW MASTERPIECE, SUGARSWEET, and COLUMBINE that we can supply plants at 2c each in small lots as our plant crop is very short this year. All of our plants have fine roots this year and are all hand cleaned and are easy to set out.

**25 Plants 60c; 50 for \$1.00; 100 for \$1.50; 250 for \$3.00**

WHITE SUGAR—Pure snow white Strawberry. 25 Plants 50c limit.

## NEW EVERBEARING

**FREE** We have a New Everbearing that we want tried in every part of the country. Have found it to be Supreme in keeping qualities, size and flavor. One of the largest Everbearing. 12 plants FREE with a \$5.00 plant order if requested. 25 plants with \$10.00 order or over. Sent only with plant order. Not Seed Orders. Report next fall how you like them.

BEAVER—(Extra Early). Highly recommended for Northern frosty climates, poor soils and drought areas.

**50 for 35c; 100 for 50c;  
250 for \$1.00**

## BITTER ROOT EVERBEARING

Better than Mastodon. You must grow this amazing new variety and see for yourself why it is superior. Stands supreme for canning, jellies, jams, and pies. A favorite with us when it comes to making a delicious shortcake. Requiring less sugar. Easy to hull. Free from core. This Wonderberry produces big, solid, round, deep dark red berries. Sweet as honey.

**25 for 75c; 50 for \$1.25;  
100 for \$2.00**

Frost King and Stanley short crop this year. Can supply small lots at 1c each.

## SUPER-GIANT EVERBEARING

This new Everbearing comes nearest to my Ideal variety, with its enormous crops of gigantic size. It is a real market Strawberry for the Road Side stands. Some of our customers claim it outyields Mastodon 50 per cent. With earlier, larger and sweeter fruit. SUPER-GIANT berries are a beautiful sight on the bushes and in boxes. We highly recommend the SUPER-GIANT for the fancy out of season Strawberry trade for profits.

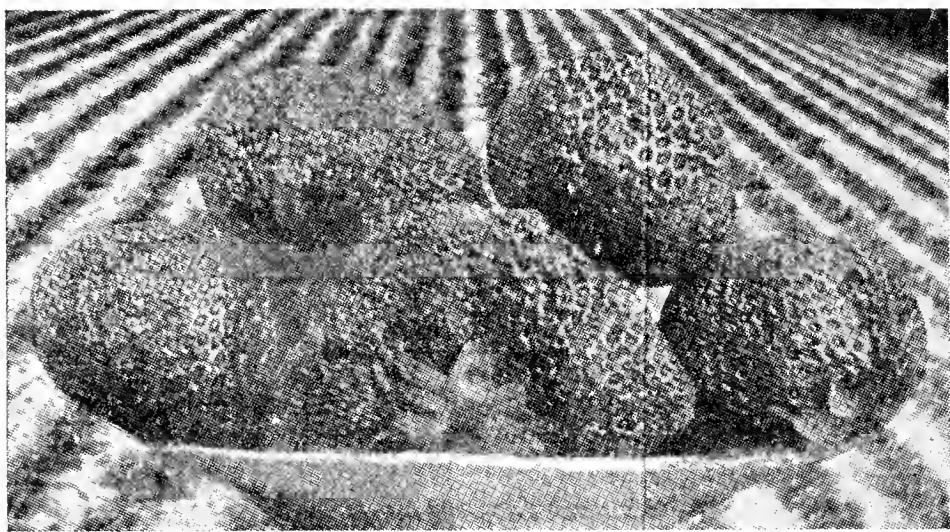

**25 for 75c; 50 for \$1.25;  
100 for \$2.00**

## NEW BUSH EVERBEARING

This peculiar Everbearing grows on large bushes 10 inches high, 15 inches across. We counted 15 fruit stems loaded with fruit from one plant. Entirely unlike any other Everbearing. Multiplies its new plants from crowns. Owing to this it is very productive. Berries large as Mastodon. Some specimens larger, but honey sweet. Finest quality. Ripen up even with attractive dark red color. Bears 60 days after set out.

**6 Plants 65c; 12 for \$1.00**

## PREMIER

The earliest of all strawberries in the Spring and the best that we have ever fruited as a money king. It is a berry without a fault and with perfect satisfaction wherever grown. One week earlier than any other berry and continues bearing longer than any other varieties that we know of. PREMIERS are beauties when in quart boxes, large size, above the average and firm. Bright, glossy, solid color. This famous variety is practically Frost Proof. To growers this means that it brings high prices

as the first Strawberry on the market. One can pick more berries per day of this variety than any other in existence. Under natural conditions over \$1,000.00 can be made from an acre of Premier. This can not be done from any other farm crop. Premier may be grown in any part of the country. A profit-making commercial Strawberry and a world-wide favorite of proven success. Actually more Premier plants have been sold the last few years than any other variety. Growers know the value of Premier and the consumers demand it. It is a mortgage lifter for any grower. Plant our original heavy fruiting strain, 100% true. This means a lot at fruiting time. Our PREMIER are all certified plants by the State of Michigan. We have the finest stand of plants for our customers this year that can be grown. Plant this variety on the best ground that you have. Your profits will be 100% greater than the cost of the plants. Make your plans now. You can not go wrong by planting Premier, that was made famous by success. 5% discount, see Page 20. Or Club Orders 10% Discount.

**20 for 30c; 50, 50c; 100, 75c; 250, \$1.35; 500, \$2.25; 1,000, \$4.50; 2,000, \$8.50; 3,000, \$11.95**

## GARDNER'S RED GOLD

RED GOLD was originated in Osage, Iowa. Plants very large, with fruit stems 12 to 15 inches tall. Ten fruit stems have been found on a single plant. Loaded with 38 berries and buds. Easy to pick. Holds fruit high up from the ground. Berries very large. Single specimens have been found to measure 8½ inches around. Claimed big as an apple. The flavor is of a real wild Strawberry. Very sweet. A sugar saving variety. Color bright, very firm. Ripens early and is claimed to hold its size throughout the season. The originator claims that over 2,000 quarts of RED GOLD berries have been picked from one acre in a single days' picking. Try out this variety in your locality.

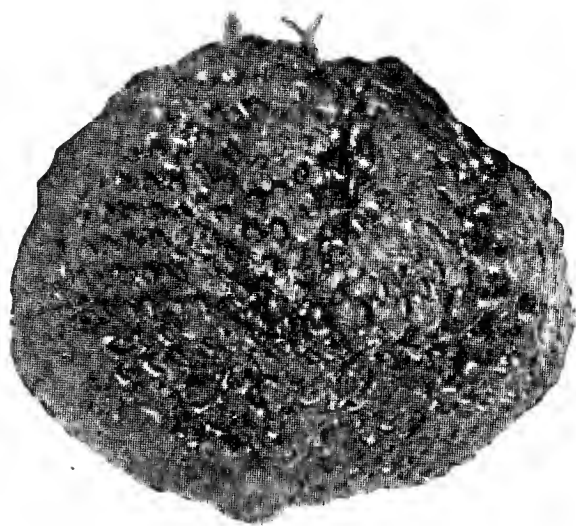

**25 for 30c; 50, 50c; 100, 75c; 250, \$1.35**

## NEW WASHINGTON

Introduced four years ago in Michigan. The flavor is the finest that we have ever found in any new Strawberry. A peculiar, rich, sugar-sweet flavor impossible to describe. The vigor, size, color and sweetness all combined is not found in many Strawberries. Heavy bearing variety of rich shining deep dark red fruit. Very firm. Give WASHINGTON a try-out on your soil.

**25 for 30c; 50, 50c; 100, 75c; 250, \$1.35**

We picked 26 crates of your Mastodon in one picking and trucked them 275 miles.—Mr. W. J. Hughes, Hamilton, Mont.

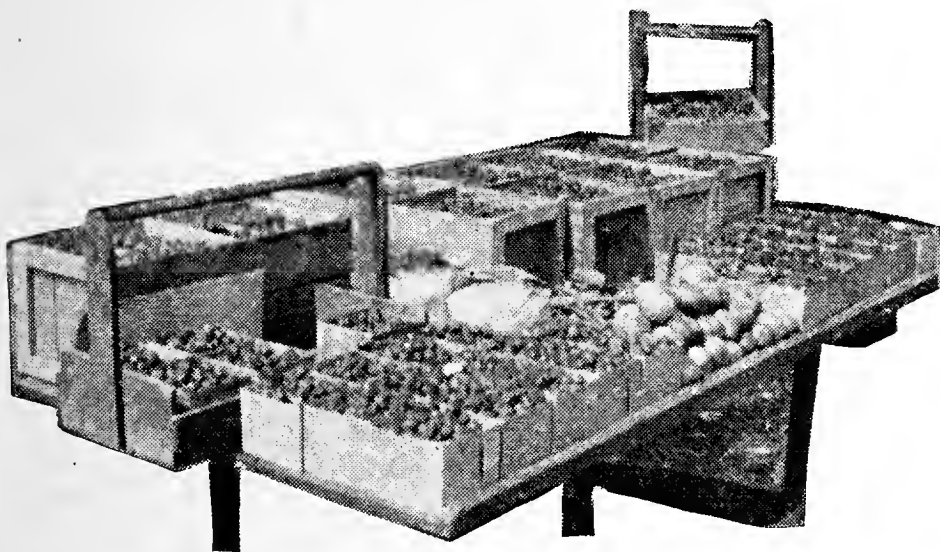

## EARLY SENATOR DUNLAP

The DUNLAP is the most popular Strawberry in the United States. Known everywhere. Fruit firm, of excellent quality. Good size and an unusually heavy bearer. Has a wide range of soil and climate. Yields big profits for growers. An old time favorite. Plant DUNLAP for preserves and for general uses. Our biggest plant seller. Club Orders 10% Discount.

**25 for 20c; 50, 35c; 100, 60c; 250, \$1.00; 500, \$1.75; 1,000, \$3.50**

## NEW BLAKEMORE

Originated by the United States Department of Agriculture. Tested to be two weeks earlier than Premier BLAKEMORE has proved considerably superior as a market variety. Easy picking and capping qualities. Berries bright red color, tough skin, firm flesh, solid center, with excellent flavor. Produces runners in abundance. Plants certified. Should be tried out country wide.

**25 for 30c; 50, 50c; 100, 75c;  
250, \$1.35; 500, \$2.00; 1,000, \$4.00;  
2,000, \$7.50**

## KANNER KING

KANNER KING is truly the King of Cannors. Sweet, firm and large. Rich red clear through, solid bright glossy red all over when ripe. The only long season Strawberry known from medium early until late. Still blooming when fruiting. From one single picking over 2,800 quarts of KANNER KING has been picked from one acre. Just think of it—from one picking. This is the first Strawberry that has been given a United States Plant Patent. Under No. 26 our Customers may propagate Kanner King, but not to sell nor give away plants. Get started with KANNER KING this year. The coming Commercial Strawberry.

**25 Plants, 75c; 50, \$1.25;  
100, \$1.85; 250, \$3.45;  
1,000, \$8.85**

Buy all my seeds from you. They got to go some to beat your Mastodon. Mr. G. A. Putman, Ashland, Mass.

## NEW LOGAN BLACK RASPBERRY

This new Blackcap is the most dependable variety grown. Almost immune from the virus diseases. Tested by the Michigan Experiment Station and is claimed to be the most promising variety grown there. Ripens a week to ten days earlier, heavier yielder and larger than Cumberland. Ripens its crop of fine glossy black berries quickly and does not string out over a long period. This means they market readily at good prices, before Cumberlands ripen. Hold up well in dry season. Free from seediness. NEW LOGAN will sure gain popularity among growers who depend on Black Raspberries for their livelihood. See page 20 for Postage.

**25 for 75c; 50, \$1.25; 100, \$2.25; 250, \$5.00**

**Cumberland Black Raspberry Plants 2c Each**

## ALFRED BLACKBERRY

This new Blackberry is a combination of proven hardiness, prolific bearer of super-quality. Berries  $2\frac{1}{2}$  inches long, jet black, juicy, sugar-sweet berries without cores. Twice as large as ordinary blackberries. This new berry was originated here at New Buffalo. It is a big seller every summer at our roadside fruit stand.

Plants are so strong and vigorous they survive severest Northern winters without mulching. They are splendid shippers because the berries are so firm. Plant generously—at least 50 for home gardens. They are making big money for other growers; they will do the same for you.

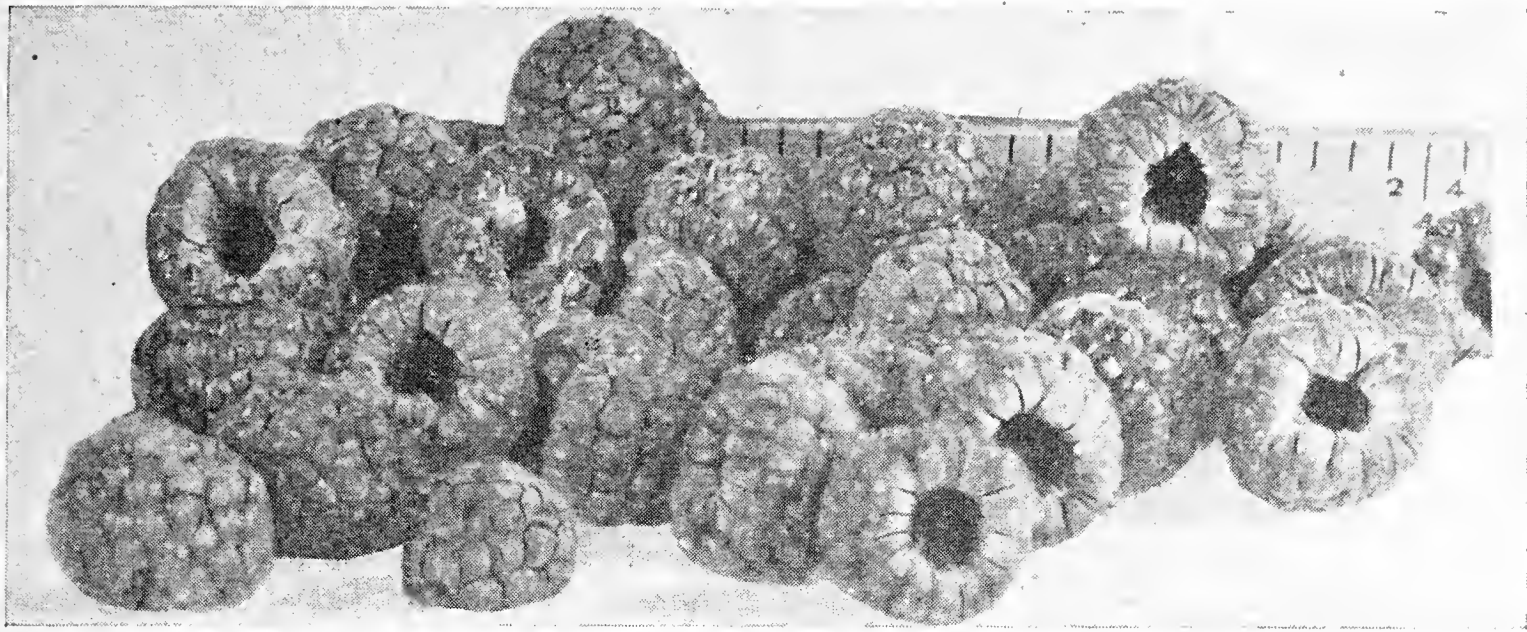

You save a year and will start right, when you plant our stocky root cutting plants. They have a perfectly balanced root system for a full crop next year. See page 20 for Postage.

**25 for 75c; 50, \$1.25; 100, \$2.25; 250, \$5.00; 500, \$9.00**

The 25,000 Everbearing Strawberry plants have arrived in very fine condition. I have been a grower of strawberries for nearly twenty years and I am glad to tell you that I consider your plants the best that I have ever bought from any nursery.—Mr. A. N. Peckham, Kingston, R. I.

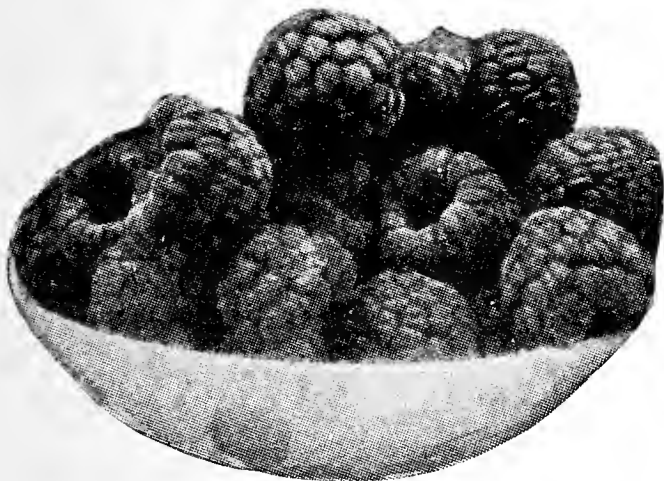

## LATHAM World's Greatest Raspberry

This new Wonderful Red Raspberry was originated by the Minnesota State Fruit Breeding Farm. An ideal berry of giant size. Bushes loaded to the ground with great crops, borne in clusters the entire length. Acre record 10,850 pints. Practically Everbearing. Bears same year set, until late fall. Plants 1 year old.

**25 Plants 75c; 50, \$1.25; 100, \$2.25; 250, \$5.00; 500, \$9.00**

**2 YEAR OLD HEAVY TRANSPLANTS**

**12 for 85c; 25, \$1.50; 50, \$2.50; 100, \$4.50**

## NEW CHIEF RED RASPBERRY

NEW CHIEF is the most valuable Early Raspberry ever introduced. Originated by the Minnesota State Fruit Breeding Farm. New Chief has outyielded Latham 13 to 50 per cent. Its superior hardiness, stockier vigorous growth and elimination from diseases, increases yields. Ten days earlier than the Famous Latham. Means great opportunity to commercial growers. Berries extra large and firm. Beautiful dark red color berries of the finest quality. King of all Reds. Try a few plants. They will bear fruit this year.

**25 Plants, 75c; 50 for \$1.25; 100, \$2.25; 250, \$5.00; 500, \$9.00**

**2 YEAR OLD CHIEF TRANSPLANTS 12 for 85c; 25, \$1.50; 50, \$2.50**

## TREE STRAWBERRY

Also known as STRAWBERRY-RASPBERRY. Bushes from 18 to 24 inches high. Entirely hardy. Berries are very large. Bright shining red. Makes delicious jelly and jams. An immense yielder like a Raspberry as large as a Strawberry. This is entirely a new fruit and a real novelty to show your friends. Easy to grow. True Everbearing.

**3 for 35c; 6, 50c; 12, 75c**

## MASTODON Everbearing Transplants

All Choice Plants. Extra large. Double root system. Extra growth. For those who want a few Choice Everbearing plants for the garden.

**25 for \$1.00; 50, \$1.25; 100, \$2.00**

## ALFRED BLACKBERRY Transplants

EXTRA heavy two-year-old bushes that will fruit the first year. A real buy when a few extra choice bushes are wanted for the garden.

**12 for 85c; 25, \$1.50; 50, \$2.50**

## June Bearing Surplus STRAWBERRY PLANTS

EXTRA fine first class plants of varieties that we may have the most of at the time we ship your order. Dug fresh. Our Choice only.

**250 for \$1.00; 500, \$1.50;  
1,000, \$2.75**

Certainly appreciate your kindness and your absolute fairness in all our dealings. Mr. J. L. Eichacker, Homestead, Ia.

# ORNAMENTALS

**6 Bulbs of Each Variety (24)**  
**Only \$1.00**  
**3 for 25c; 6 for 35c; 12 for 60c**

## Everbearing Surplus

A surprise bargain in mixed Everbearing Strawberry plants. May be two or three varieties. Not any certain variety. Our choice only. These plants will fruit this summer and fall and you can look for a big crop next spring. Keep off buds until July. All extra fine plants and fresh dug. Good till sold out.

**250 for \$1.35; 500, \$2.50**

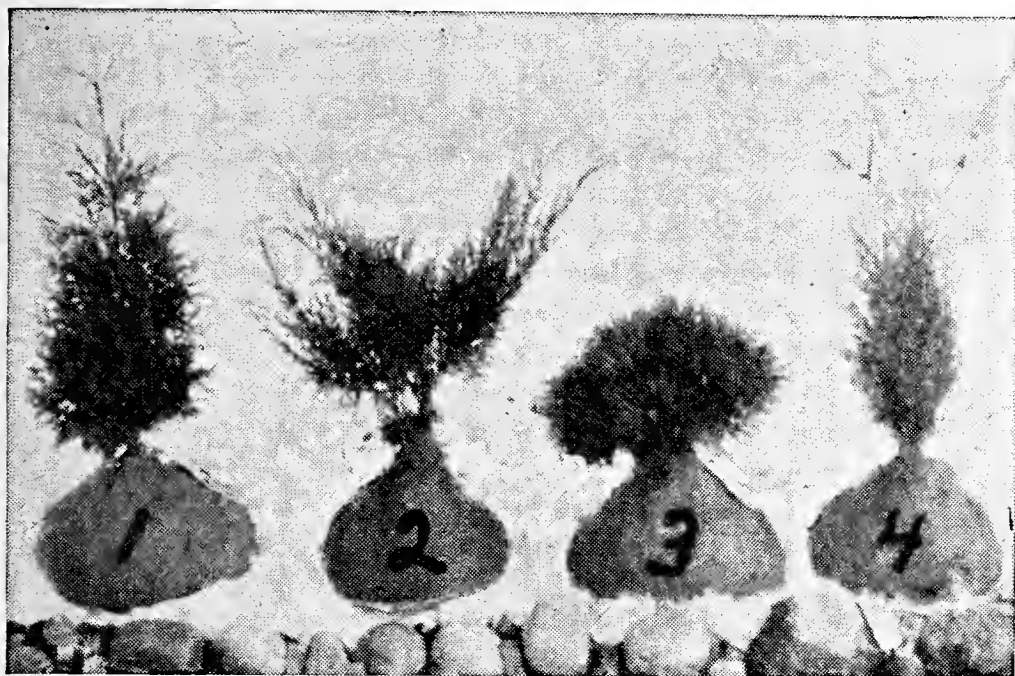

# Colorado Blue Spruce

One of the hardiest and best Evergreens. Most beautiful in color and outline. King of all Spruces. Glistening silvery blue, which flashes and sparkles in the sunlight. You can form only a faint idea of the magnificent beauty of this marvelous tree. The glory of the Blue Spruce is its foliage, which is an intense steel-blue. Creates a sensation everywhere. Our trees are bushy, five years old and about one foot high.

**50c Each; 3 for \$1.35; 6, \$2.50**

## COLORADO BLUE SPRUCE SEEDLINGS

Four years old, 6-9 in. and 4-6 in. Nursery row run.  
**6 for 50c; 12, 75c; 18, \$1.00; 25, \$1.25**

See description below.

## 17th Annual Specials

DAHLIAS—Fancy type, mixed. 12 for 50c.  
CANNAS—Best red. Grows 7 ft. high.  
PEONIES—Three-year roots. Best mixed color.  
RED PHLOX—The best brilliant red.  
GIANT TIGER LILY—Orange red, dotted.

### NEW RED RASPBERRIES

NEWBURG—Superior to Latham.  
VIKING—New hardy Canadian variety.

**Any 3 for 25c; 6 for 45c**

## Virginiana Juniper (1)

Medium compact growth foliage varies, in summer green and tint-blue fall purple hue, in winter a bronzy hue is assumed. Hardy and quick growth in any soil. A beautiful Evergreen. Heavy field grown. 10-12 in., two times transplanted.

**25c Each; 3 for 65c; 5 for \$1.00**

## Savin Juniper (2)

Low spreading Evergreen of many dense branches and short straight, tufted branchlets of beautiful deep green foliage. Blackish-purple berries. Constantly attracts attention wherever planted. Heavy field grown. 9-12 in., 2 times transplanted.

**25c Each; 3 for 65c; 5 for \$1.00**

## Mugho Pine (3)

The best dwarf ball shaped Evergreen. It grows compact. Heavy dark green needles on many stems branching close to the ground. Very attractive, especially in the Spring when growth appears as numerous tiny silver candles covering the entire bush. Very conspicuous and showy. Heavy field grown. 6-9 in. Transplanted once.

**25c Each; 3 for 65c; 5 for \$1.00**

## Irish Juniper (4)

Real handsome Evergreen always neat and clean. Grows erect, slender and stately in habit. Having rich bluish-green foliage. Grows sturdy in poor soil. Rapid growth, a highly prized Evergreen. Heavy field grown. 10-12 inches, once transplanted.

**25c Each; 3 for 65c; 5 for \$1.00**

## Notice!

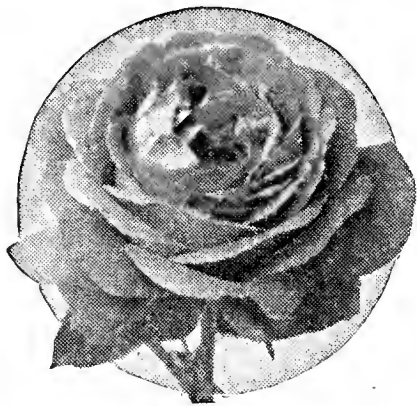

Planting Evergreens is easy. Only do not let the wind or sun strike the roots, even a few minutes. It will kill them. Plant at once, water thoroughly but not the foliage. Just use care and they will provide all year beauty and add value to your home.

For best success plant the small size in Evergreens; they grow into money fast. If for nothing else watch them grow. Gives the white winter coat an overcoat of green. We specialize in Evergreens of all kinds for our local resort and roadside trade. See page 20 for Postage on Evergreens.

The 2,000 Mastodon were of the best quality. Got great satisfaction.—Mr. Gaston Bosmans, Ocean View, N. J.

## Gruss An Teplitz Everblooming Rose

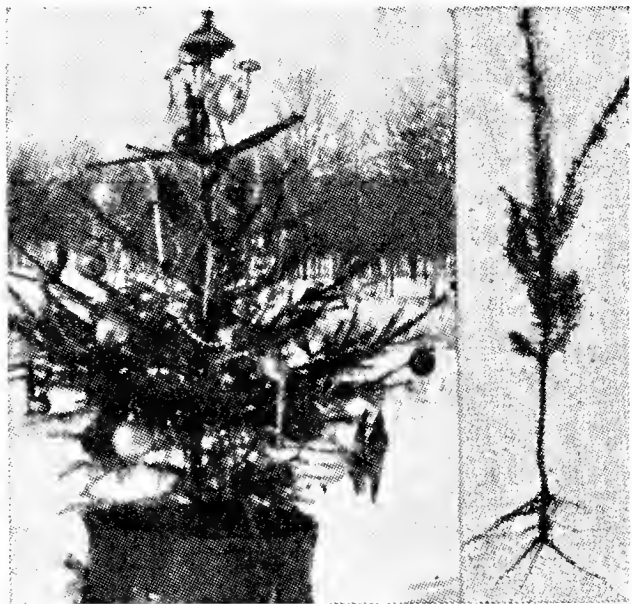

The best hardy Everblooming Red Rose grown. Grows erect, bushy and is covered throughout the season with an abundance of large double blackish maroon blooms. We have counted thirty blooms and buds on one bush that was planted three months. Blooms first year. Two-year-old field grown.

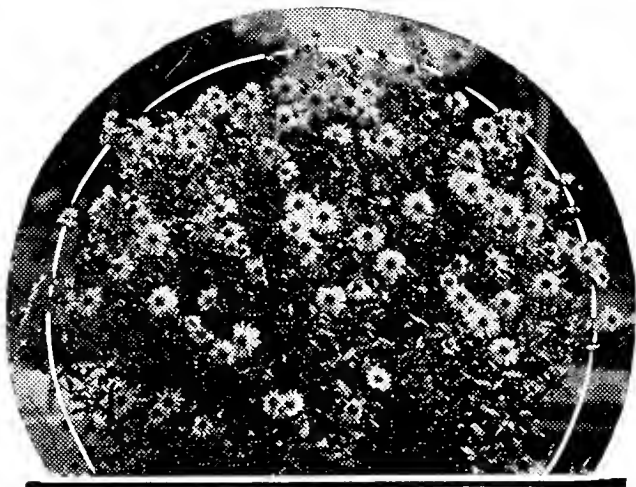

40c Each; 3 for \$1.00; 6 for \$1.75

## Evergreen Seedlings

**NORWAY SPRUCE**—A real Evergreen of rapid growth. Its thriftiness, and its heavy masses of deep green foliage are the pride of great beauty at all seasons of the year. Real profits in raising Christmas trees. An attractive business proposition. Five million Christmas trees are used each year. Grown for windbreaks, hedges, or for beauty. The Norway Spruce grows fast and makes a shapely and compact growth. With three year's growth these Seedlings will be worth \$1.00 each and up for Christmas, table or for landscape work. Quick profits for your idle land. A small investment will repay you a hundred times, both in enjoyment of watching them develop and continually increasing in cash value. A real buy. Our Seedlings are selected, choice straight, three-years-old, 8 to 10 inches high. Field grown. For Postage see page 20.

25 for 75c; 50, \$1.50; 100, \$2.50; 250, \$6.00

## Creeping Daisy

A Dwarf Annual of creeping compact growth with showy bright yellow flowers, with black daisy like center,  $\frac{7}{8}$  inch across. On October 14th we counted 1,284 flowers in bloom at one time on one single bush. Grows about 6 inches high and was over 3 feet across. Continuous bloomer from early summer until frost. Will create a sensation in your flower or rock garden. No flower will compare with it from just one seed to a mass of over 1,200 blooms at one time. Does well in the poorest soil, hot sun or drought. a real garden GEM. All Seed Orders Postpaid.

Pkt. About 50 seeds, 20c Limit

## Chines Elm

New Chinese Elm, world's quickest growing shade tree. First to leaf out, last tree to fall. Thrives anywhere, sturdy, beautiful, long life and quick growth. Well shaped, dense foliage. Glossy green in color. A 3 to 4 ft. tree will attain a height of fifteen feet or more in 3 growing seasons. A wonderful shade tree for the dry climates of the Western plain states, where other trees will not grow. Trees 3-4 feet.

2 for 50c; 5, \$1.00; 12, \$1.95

## Our Perennial Special

**HOLLYHOCK**—Mixed of the very best varieties.  
**PHYSOSTEGIA**—False Dragonhead. Blue flowers.  
**SWEET WILLIAMS**—Array of vivid colors mixed.  
**PINKS**—Best perennial hardy double Pinks.  
**YUCCA**—Spanish Bayonet, hardy evergreen plant.  
**MALLOW MARVELS**—Giant pink and white 8-in. flowers.  
**CLIMBING ROSES**—Red Dorothy Perkins. Best hardy rose.  
**GRAPE PLANTS**—Three-year-old mixed, Niagara and Concord.

Any of the Above, 3 for 25c; 6, 45c

Never received such nice looking Nursery Stock before at such a reasonable price.—Edw. Swanson, Cannon Falls, Minn.

## Wonderbloom

World's largest bloom. Grows from 5 to 9 feet high. Every branch a long plumey head of the most brilliant fiery red blossoms. Easily grown. Sow seed thinly. One seed will grow a plant as shown in photograph, which was 8 feet and 7 inches high. "Gorgeous" is what you will say when you see WONDERBLOOM in full bloom from July until winter, first year from seed.

Pkt. 10c; 3 for 25c  
Limit

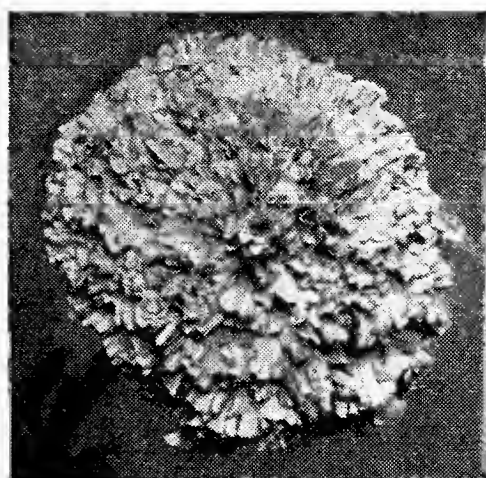

## Everblooming Sweet William

Wonderful new strain. Think of it blooms the first year from seed. Early until very late. Still blooming at this date November 18th. Very hardy. Exceptionally large symmetrical heads of every conceivable color and shade. From white through the different shades of pink, to the deepest blood-red. Flowers appearing black, while others show white, pink, red, ringed, striped and spotted. All on one stem or head. Surprise your friends with a real garden jewel. World's Miracle Flower. You sure want to try this unusual array of colors.

Pkt. 10c; 3 for 25c, Postpaid

## Mixed Marigold

New Guinea Gold, carnation flower. An outstanding novelty. Orange and Lemon Ball all double mixed. Blooms from July until frost. World's Best Giants. Easy to grow for cut flowers.

Pkt. 10c; 3 for 25c, Postpaid

## Dwarf Giant Coxcomb

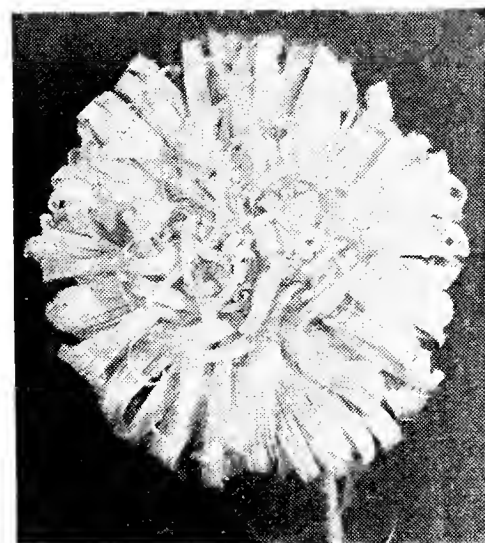

A wonderful showy annual from seeds. Flowers form a mammoth head or comb 12 inches high and 18 to 24 inches across. Bright fiery red with a velvety finish. A real GIANT. Easy to grow.

Pkt. 10c; 3 for 25c

## California Giant Aster

This new variety is the largest and most beautiful of all Asters. Mammoth size flowers ranging from 5 to 6 inches across. Borne on long stiff stems 2 feet in length. Petals attractively curled and twisted. Blooms wonderful fluffy showy flowers from early autumn until heavy frost.

A rich blend of colors. The finest mixed. Is easily grown.

Pkt. 10c; 3 for 25c, Postpaid

## Peony Flower Hollyhock

New mammoth flowers. Wonderfully formed with loosely arranged fringed petals. Bears tall 6 to 8 feet spikes closely set, with showy double flowers of all colors. Plant a row this year. It will last for years. Usually re-seeds themselves.

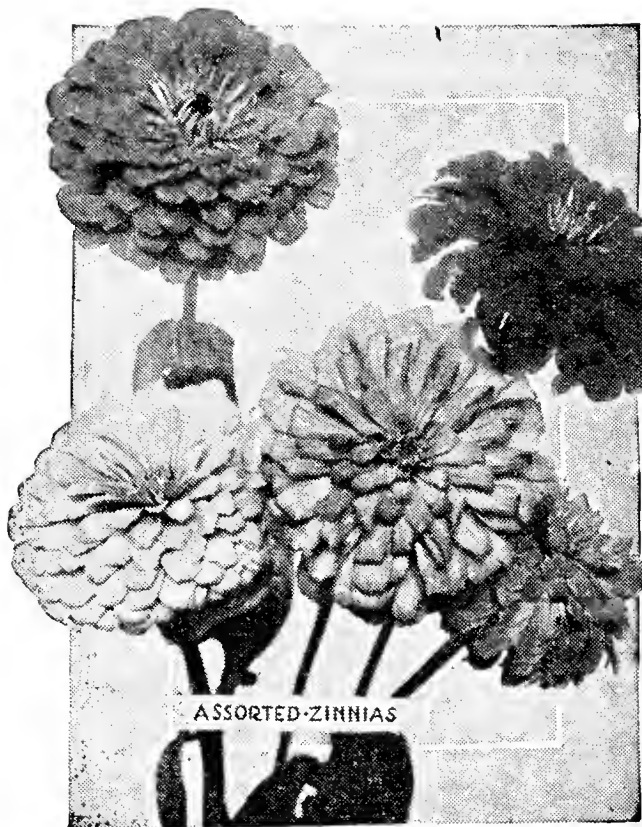

Pkt. 10c; 3 for 25c,  
Postpaid

Your Mastodon and Champion are fine. Your Early Amber sweetcorn is the best. Mr. Chas. Rhodes, Fromberg, Mont.

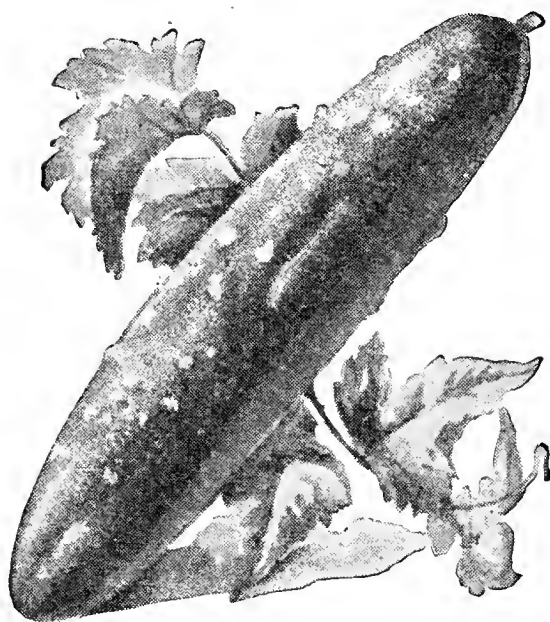

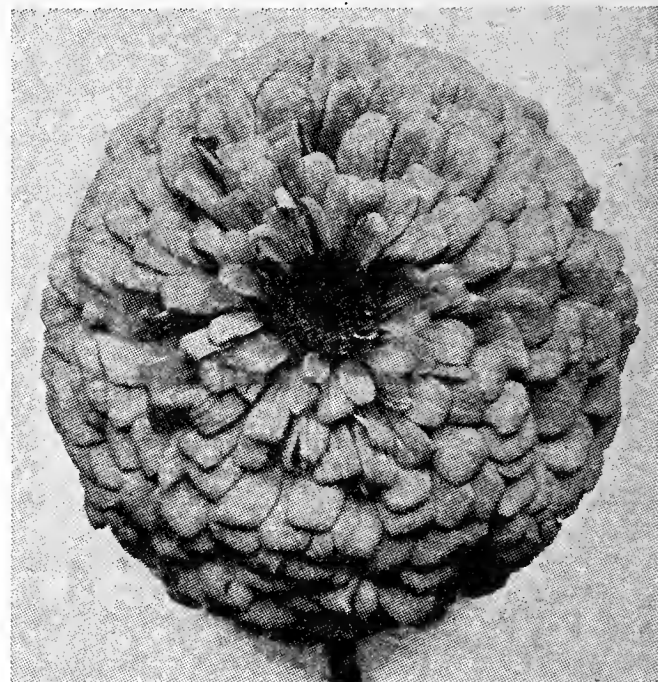

## Dahlia Flowered Zinnias

Splendid new Giant Everblooming Zinnia. Mammoth flowers from 4 to 6 inches across. Wonderful range of colors. We specialize in Zinnias. The wonder flower of the garden. Our flowers are admired by our customers for their size and coloring. We sell lots of flowers to our resort trade. You can do the same. Culture is very easy. Our packets are extra large, three times larger than other seed houses give. Plant a bed of these **GIANT ZINNIAS THIS YEAR.** They are gorgeous.

**Pkt. 10c; 3, 25c;  
8 for 50c**

*Longfellow Cucumber*

### Longfellow Cucumber

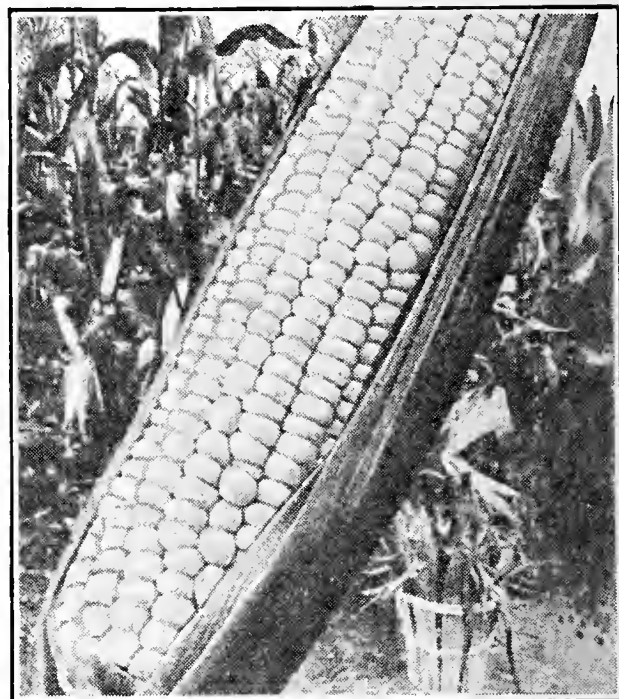

This fine Cucumber grows from 12 to 16 inches long. Flesh solid, crisp. Superior quality. Seed cavity small. Ideal for slicing. Grows straight, smooth, deep green skin.

**Pkt. 10c; 3 for 25c, Postpaid**

### Rose Gem Radish

One of the earliest. Rapid grower. Perfectly round. Rich brilliant red at the top blending into a pure white bottom. The most attractive radish grown. Exceedingly tender, crisp and delicious. Unsurpassed as a table radish. Best flavored mild radish grown.

**Pkt. 10c; 1 oz. 15c; 4 ozs.  
35c, Postpaid**

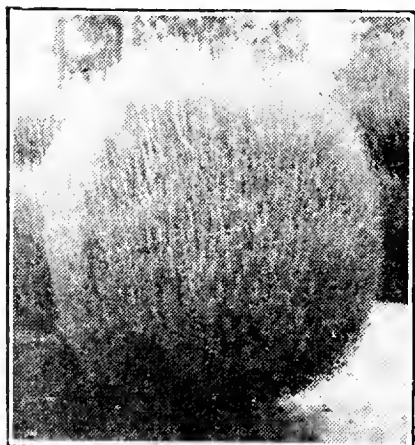

### New Early Amber

Comes from Russia. Earliest white sweet corn in the world, 45 days from seed. Week and one-half earlier than Bantam. Has two to three ears to a stalk. If you want the earliest, then try Early Amber.

**Price: Pkt. 10c; 1/2 lb. 20c;  
1 lb. 30c; 5 lbs. \$1.25, Postpaid**

### Beauty Bush

A real annual Evergreen. Very handsome symmetrical plants. Forming beautiful ornamental shrubs, and growing 3 feet tall and 2 feet across, quickly from seed. Wherever a quick-growing annual hedge is wanted, there is nothing better than Kochia. Color, beautiful pea green, turning to a gorgeous carmine in fall.

**Pkt. 10c; 3 for 25c**

### Oak Hill's Favorite Carrot

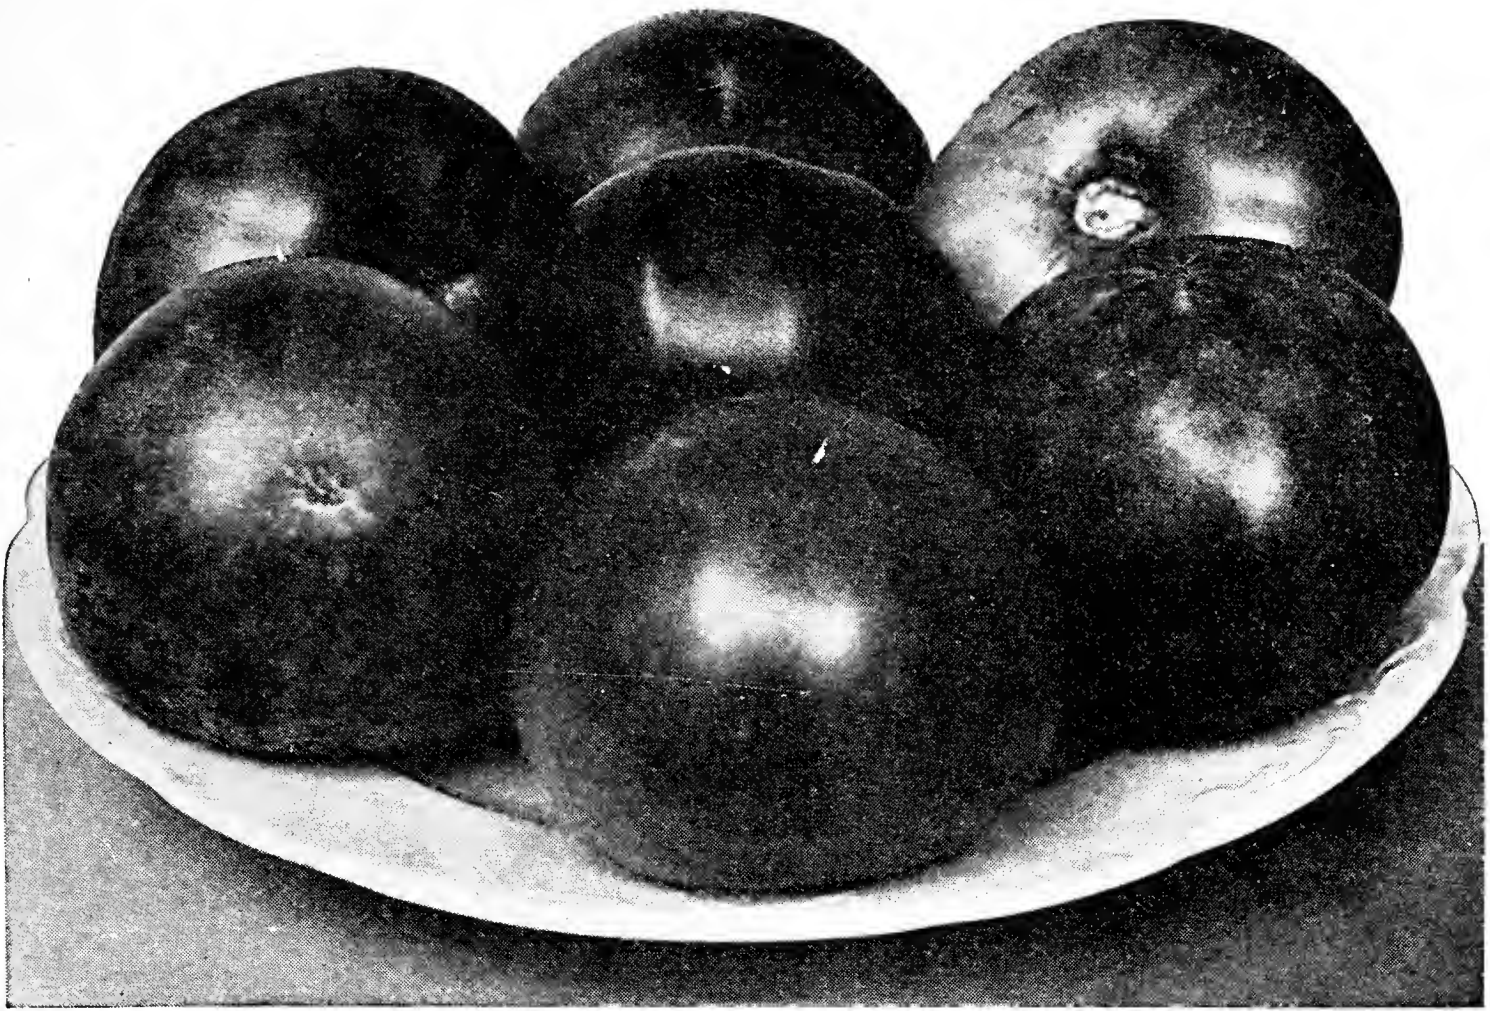

**EARLY CHANTENAY**—A popular and profitable sort to raise for market. It is about 6 inches long, thick through, and decidedly stump-rooted. The flesh is a deep orange-red, fine-grained, and of excellent flavor. It is very early and always produces smooth, shapely roots. Its fine appearance finds for it a ready market. Biggest seller, and one of the best for home gardens. Our strain is unsurpassed.

**Pkt. 10c; oz. 15c; 1/4 lb. 35c**

The Mastodon plants we got did exceptionally well. They drew much attention.—Mr. Geo. Batchelder, Woodsville, N. H.

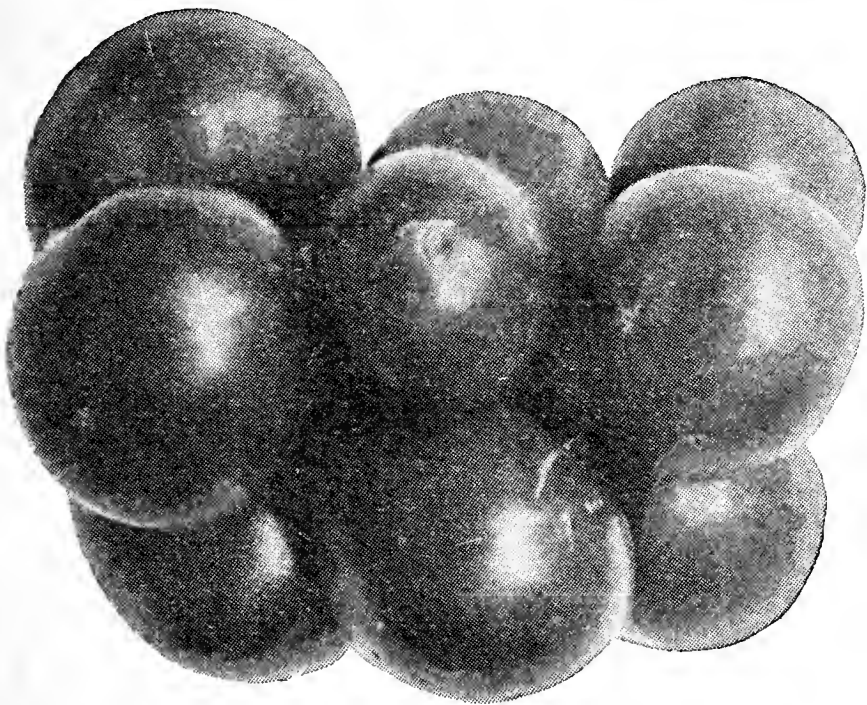

## NEW BURBANK TOMATO

This is one of Luther Burbank's marvelous new creations. A tomato by far the earliest and best we have ever grown. Just think of it from seeds planted in open ground will bear fruit earlier than plants from a hotbed. Fruit ripe week to ten days earlier than any other extra early Tomato known. Ripens up perfectly without crack, spot or blemish. Color bright red, and smooth. A continuous bearer throughout the season. A firm large tomato of superior quality. Fruit has no open cavities. Seeds are few and small. Slices solid as a beef steak. Plants resist wilt and other Tomato diseases. Unlike other tomatoes, the skin peels freely from the rich firm flesh. If you want a real early Tomato this year then do not fail to plant this wonderful BURBANK TOMATO. WORLD'S EARLIEST. Packet about 500 seeds. Ounce about 7,500.

**Pkt. 10c; 1/2 oz. 30c; 1 oz. 45c; 2 ozs. 80c; 1/4 lb. \$1.50**

## PRITCHARD TOMATO

The PRITCHARD Tomato was originated by the Department of Agriculture. Very similar to Marglobe, but earlier. It may eventually replace both Earliana and Bonny Best. Fruit of good size, round, brilliant red throughout. Seed pockets very small, meat solid, no core. Record of 75 to 80 fruits to a plant. Twenty ton to the acre. Plants grow strong and sturdy but not rank growth. Home and market gardeners should give this new variety a trial.

**Pkt. 15c; 2 for 25c**

## SWEET SIBERIAN WATERMELON

An EXTRA EARLY golden yellow fleshed Watermelon. Introduced in Siberia. Ripens in 50 days. Yields heavily. A real melon for the short season sections. Melons medium size, seeds small. Flesh very sweet, sugary and delicious. It is one of the best Extra Early Watermelons I have ever tasted. It sure is a good one. Try it.

**Pkt. 10c; 1 oz. 25c; 1/4 lb. 75c**

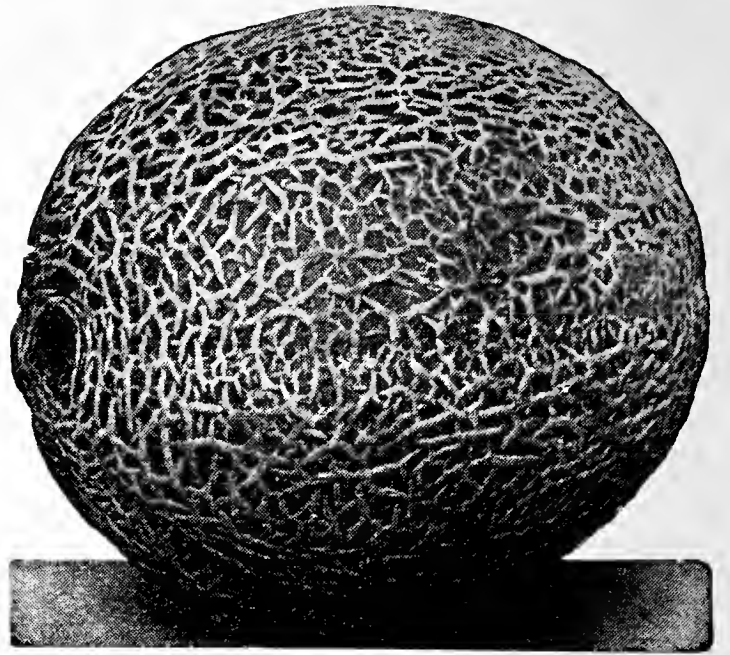

Burbank Tomato seed we got from you ripened first of all varieties. Mrs. C. A. Carlson, Lake Crystal, Minn.

## ROCKY GEM

This superior quality cantaloupe comes to us from Colorado. Fruit round as a ball. Covered with a hard heavy gray netting. Shipping and keeping qualities are unsurpassed. This variety can be shipped in open express from Coast to Coast and arrive in excellent condition. Seed cavity so small that a quarter will cover the smallest; while a dollar will cover the largest cavity. Flesh is butter yellow, solid, fine grained, melting and sweet as honey—50% better than Honey Rock. For commercial growers and long distance shippers, plant Rocky Gem and Golden Favorite.

**Pkt. 10c; 1 oz. 25c; 4 ozs. 75c; 1 lb. \$2.00**

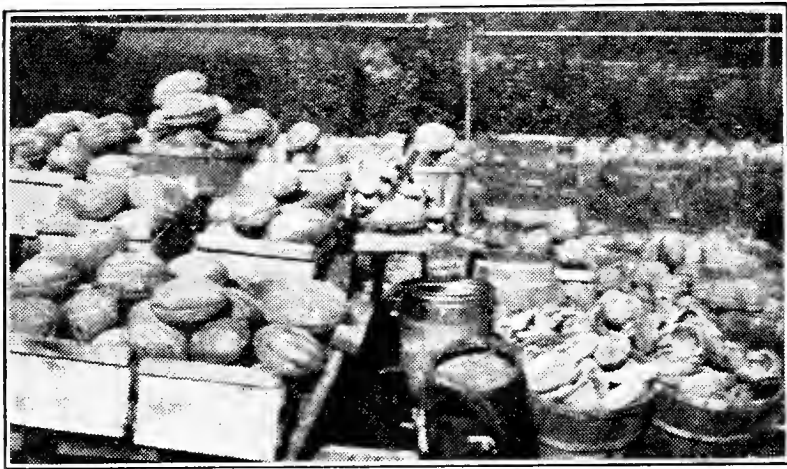

ROCKY GEM

## GOLDEN FAVORITE MUSKMELON

We are more convinced every year that GOLDEN FAVORITE is the best flavored and sweetest melon grown. Green melons picked after frost will keep six weeks and ripen. Melons are large, oblong, shape of a football. Please note photograph. Seed cavity small. Heavily ribbed and netted. The flesh is of a deep golden yellow and a deliciously honey-sweet flavor right up to the very rind. A flavor that is almost indescribable.

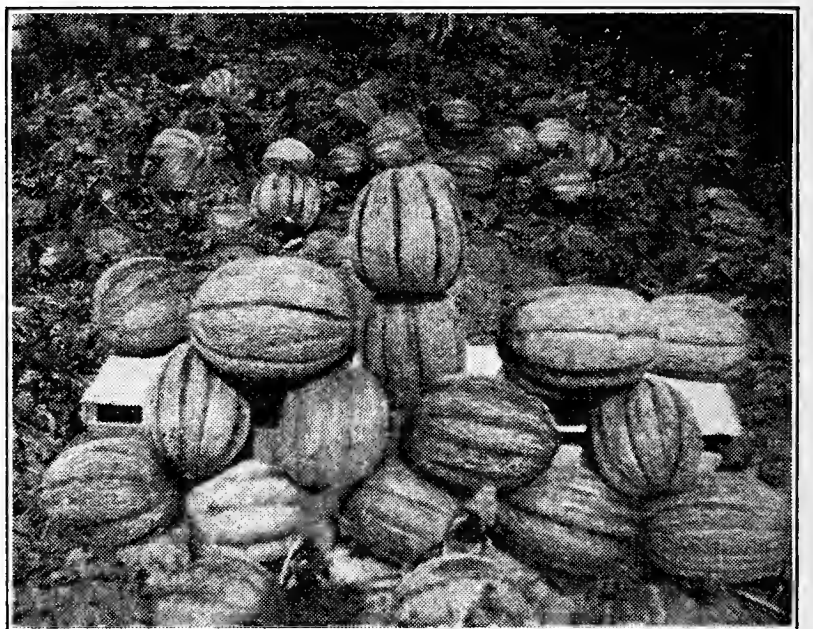

**Pkt. 10c; oz. 25c; 1/4 lb. 75c; 1 lb. \$2.00**

## GIANT HEARTS OF GOLD

GIANT HEARTS OF GOLD, the new Muskmelon King. About five times larger than ordinary Hearts of Gold. Weighing from 10 to 15 pounds. Flesh about four inches, deep golden orange, extremely thick. Fine grained and the sweetest flavor right down to the rind. Its large size and earliness makes GIANT HEARTS OF GOLD a combination hard to beat. If you try this melon once you will always plant it. When ripe the melons turn a golden tint which shows through the netting, and gives the fruit a most attractive appearance.

**Pkt. 10c; oz. 25c; 1/4 lb. 75c; 1 lb. \$2.00**

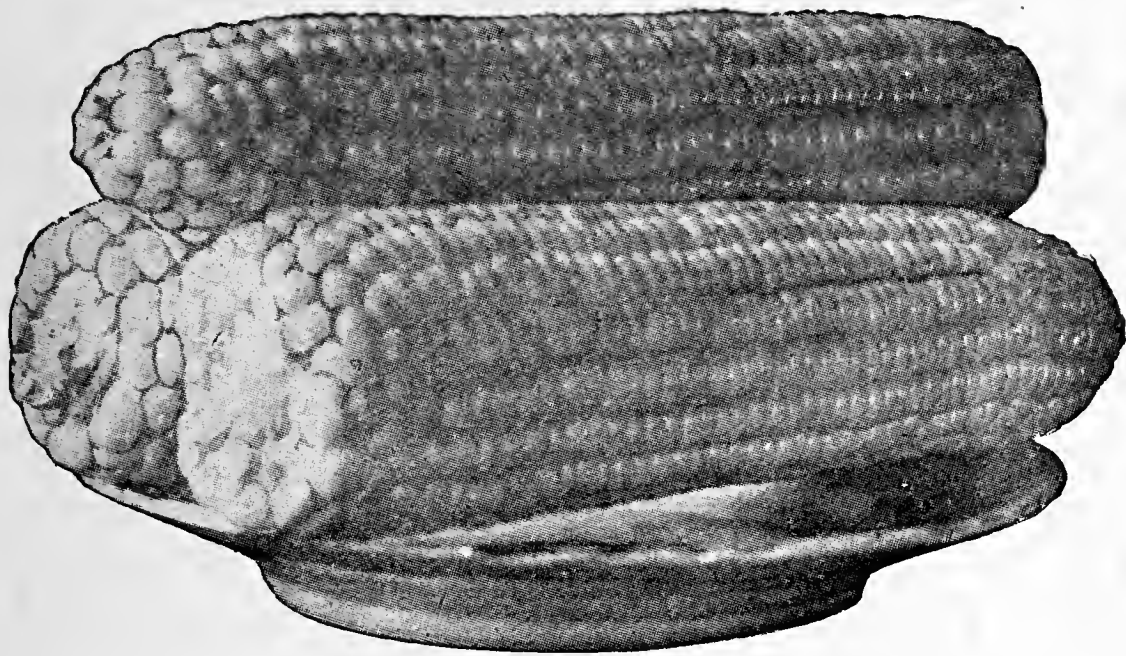

## HONEY GEM WATERMELON

The finest and sweetest Watermelon that we have ever tasted. It is our best selling melon to our road trade. After they have once tasted this melon they are right back after more. This melon is of large size, medium early, has no core, flesh is a rich bright scarlet red and sweet as honey. Extra good keeper. We had one melon 112 days. Was 54 inches around. Weighed 33 pounds and was cut for seed on February 22nd. Honey Gem was awarded a prize at the fair. Plant HONEY GEM if you really want the best Watermelon grown.

**Pkt. 10c; 1 oz. 15c; 1/4 lb. 35c;  
1/2 lb. 60c; 1 lb. \$1.00, Postpaid**

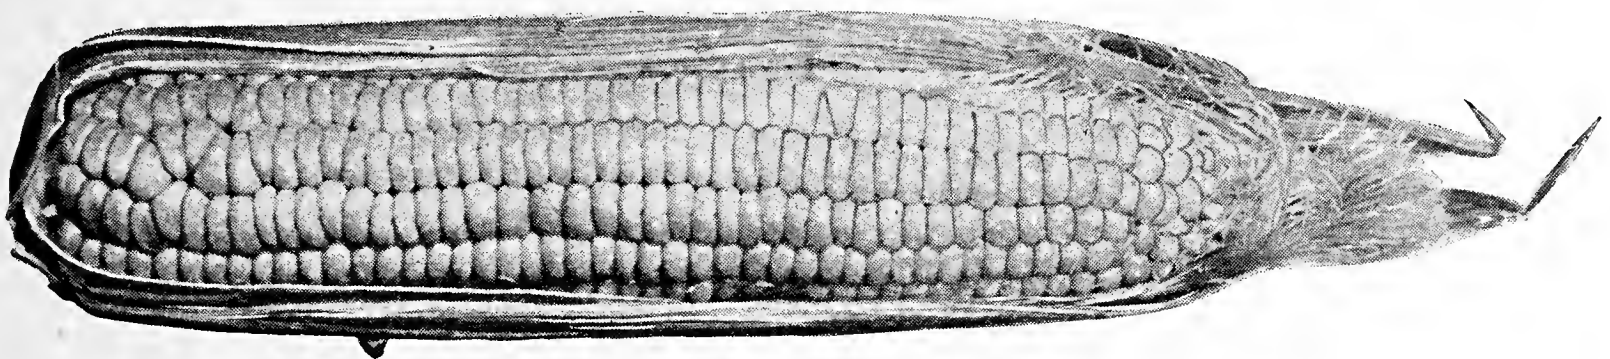

## New Golden Sunshine

This New Golden SUNSHINE Sweet Corn was developed by Prof. A. F. Yeager, of the North Dakota Experiment Station.

It is over a week earlier than Golden Bantam and twice as large. With the same quality, sweet butter flavor. Be sure you try this new corn. It is a good, new, promising sweet corn. I can personally recommend it.

**Pkt. 10c; 1/2 lb. 20c; 1 lb. 30c; 5 lbs. \$1.25; 10 lbs. \$2.00, Postpaid**

## Golden Delicious Sugar Corn

**WORLD'S SMALLEST COB WITH THE LONGEST EARS**

This new corn has giant ears 10 inches long. Eight rows of delicious kernels same as Bantam. Has Bantam original flavor, but ears twice as long with smaller cob. Remarkably early. Stalks grow about 5 feet high. Ears are filled with Butter-Yellow, broad, tender, milky sweet kernels, with a real butter flavor. If you appreciate good sweet corn, then plant Golden Delicious.

**Pkt. 10c; 1/2 lb. 15c; 1 lb. 30c; 5 lbs. \$1.25; 10 lbs. \$2.00, Postpaid**

## Sunburst Pop Corn

**KANSAS SUNBURST.** This pop corn gives the largest amount of pop corn of any yet developed. It is a yellow kernel, 16-row ear, 6 inches long. Handsome to look at, wonderful popping quality, making 26 times its own volume. Developed by the Kansas State College and Department of Agriculture over a seven-year period of selection for quality and expansion of popped kernel. Stalks 6 to 6 1/2 feet tall. 2 to 4 ears to stalk. Real delicious flavor; better than T.N.T. The very latest in pop corn. The best—try it.

**Pkt. 10c; 3 for 25c; 8 for 50c**

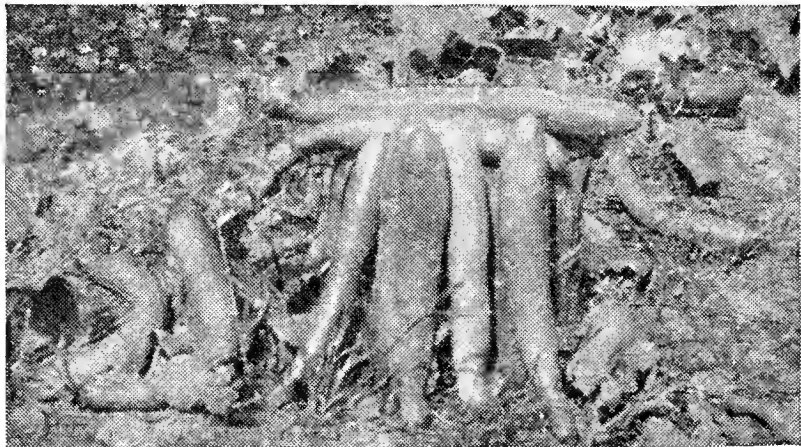

## Indian Rainbow Corn

A fine and distinct ornamental novelty. A very decorative item for Thanksgiving. Marvelous color range: blue, pink, dark pink, blood red, purple, lavender, golden yellow, bronze, white, black and brilliant variable hues. Produces extra large ears, bright husks. Easy grown. We have found from 15 to 20 different colors on a single ear. Ten different colors on a single kernel. If you want the talk of the town then plant some of this Rainbow Corn and show it to your friends on the ear. Very interesting to grow. It will take a prize at your next fair. Be sure you try a packet. Seed limited.

**Pkt. 15c; 2 pkts, for 25c limit**

From 250 Mastodon plants we got, we picked one gallon of berries every other day.—Mr. C. H. Pierce, Gallipolis, Ohio.

**Every farm or suburban home with a small city lot should have a home garden for health, pleasure and profits**

## Superb Cucumbers

A worth-while novelty cucumber from 18 to 24 inches long, and only two inches through. Skin dark green and smooth. Flesh is firm, white and crisp. Can be called seedless. Only a few seeds at blossom end. It is the best flavored slicing cucumber that we have tried. Be sure you try it. You will be more than pleased.

**Pkt. 15c; 2 for 25c**

## Fordhook Giant Swiss Chard

Decidedly the best of the Chards. Leaves broad, upright in growth, crumpled dark green. Use leaves as greens and middle leaf-rib and the pearly stalks like Asparagus. Grows about 30 inches high. Will yield from early summer until late fall.

**Pkt. 10c; oz. 15c; 1/4 lb. 35c, Postpaid**

## Giant Podded Peas

Try our Giant Podded Peas if you want the heaviest yields and the finest peas ever grown. Huge 5 and 6 inch pods filled with about 8 peas, tender and sugar sweet. Strong heavy vines, grow about 36 inches high. Plant 3 lbs. for 100 feet row. We never use supports, only sow thickly to hold vines erect. It insures a heavy crop and a easy one to pick. Considered by many superior to the Telephone. Can be planted for either early or late. Giant Green Podded Peas sure are the Jumbo of the Pea family.

**1/4 lb. 15c; 1/2 lb. 20c; lb. 30c; 5 lbs. \$1.35, Postpaid**

## Danish Ballhead Cabbage

Best Winter Cabbage and the most hardy. Heads round, deep or balloon-shaped, very solid. The average weight of heads is 8 lbs. Does not burst open like most varieties. Sure heading and hard as a rock. Weighing one-

fourth more per head than other varieties of equal size. Best shipping cabbage in cultivation.

**Pkt. 10c; 1/2 oz. 15c; oz. 25c, Postpaid**

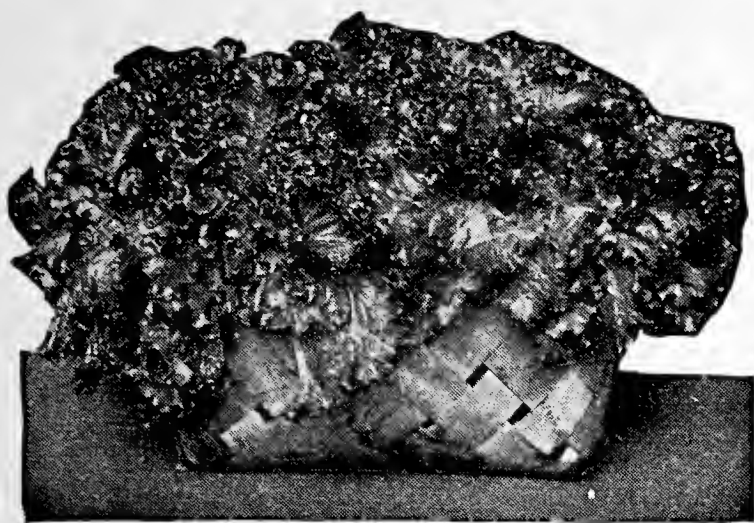

## Red Bush Cherry

Bears its fruit in clusters of six to eight. Larger than the biggest cherry. Very delicious when eaten as picked from the vine. Fine sweet flavor. Used for canning and preserving. Easy grown like Tomatoes. Try a Packet. Once planted will come up each Spring.

**Pkt. 500 Seeds 10c**

From 1,000 Mastodon we got we picked 380 quarts. Driest Season in 40 years. Mr. Thos. McKnight, Winnipeg, Canada.

## Early Curly Leaf Lettuce

This splendid loose leaf lettuce is the favorite at our table as well as of our market customers. Very early, grows rapidly. Ready in 45 days. Leaves are exceptionally tender, crisp and sweet. Curled, bright green, tinged with brownish red at the edges. Always reliable and easily grown. Never gets bitter. It is an ever-growing, cut and come again.

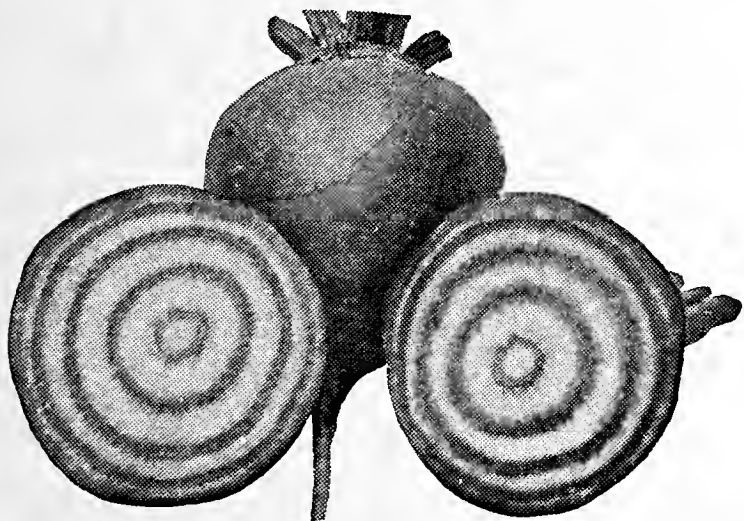

**Pkt. 10c; 1 oz. 15c; 1/4 lb. 30c,  
Postpaid**

## Market Favorite Bean

A fine green-podded bush bean that is both extra early and an enormous yielder. Pods 6 to 8 in. long, flat, thick, meaty and free from strings and toughness. Ready to use in 6 weeks after planting. One of the best green pod varieties.

**Pkt. 10c; 1/2 lb. 20c; 1 lb. 35c**

## Dark Red Market Beet

Our unrivalled main crop beet. Globe shaped with a small tap root. The finest shape beet grown. Largest beet grown. It has no superior. Heavy cropper. Delicious, tender and fine grained. No trace of woodiness or stringy tendency. Flesh blood dark red. Solid and sweet. Matures in 50 days. Finest canning variety. Should be in every garden if you want the best.

**Pkt. 10c; 1 oz. 15c; 3 ozs. 35c,  
Postpaid**

## Baby Lima Beans

The Baby Lima is the earliest lima in cultivation. Vines grow rapidly. Bears pods in large clusters. A fine variety for the Northern States. Beans are of a true butter lima flavor and very sweet. Grows bush form 12 to 15 inches high. Bears tremendously until killed by frost. Pods about 3 inches long, and bears as high as 200 pods on one bush. If you want to be sure of success in growing lima beans as well as the earliest and easily grown Lima then plant our Baby Lima Beans.

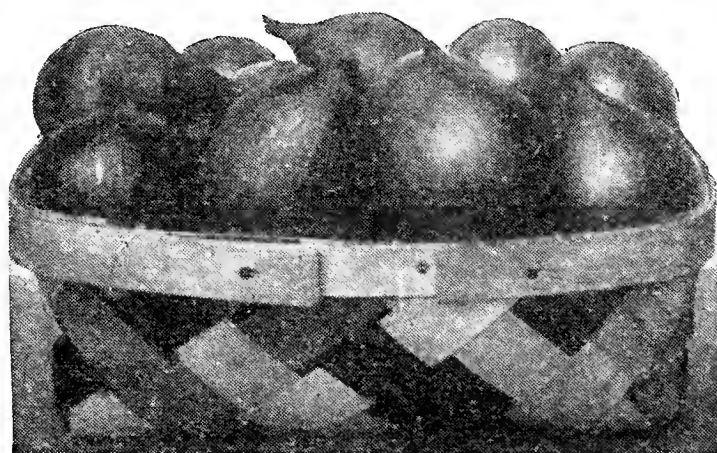

**Pkt. 10c; 1/2 lb. 20c; 1 lb. 30c;  
4 lbs. \$1.00, Postpaid**

## Everbearing Bean

If you want delicious, tender and an entirely stringless green bean, plant our Everbearing for a treat. They have a rich, melting buttery flavor possessed by no other bean. Extra heavy bearer of long, straight perfectly round pods. A few hills will produce enough for a family all summer if kept picked off.

**Pkt. 10c; 1/2 lb. 20c; 1 lb. 35c  
3 for \$1.00**

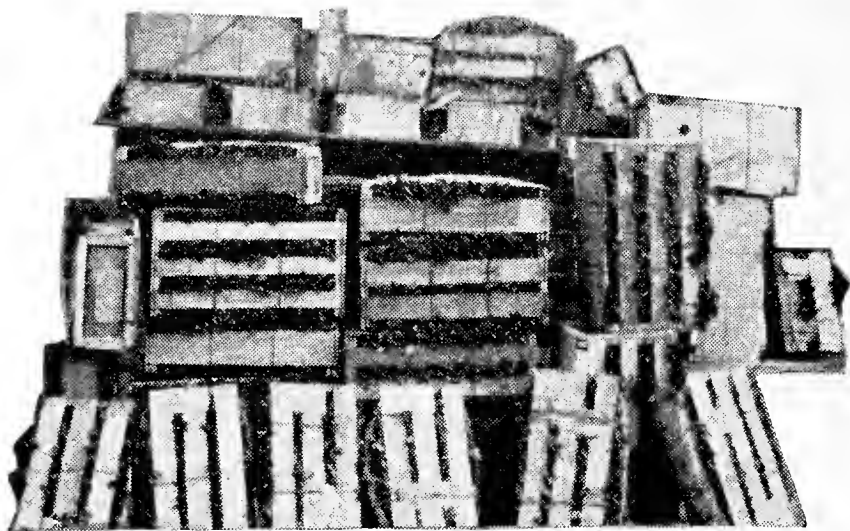

## Giant Prizetaker Onion

It is by far the largest, handsomest, finest flavored yellow onion in cultivation. The flesh is pure white and it equals the Spanish onion in mild flavor. Skin is bright, clear straw color. Single bulbs grown sometimes weigh three pounds. Can be grown from seed with perfect success. Plant this variety, it will certainly prove profitable.

**Pkt. 10c; 1/2 oz. 15c; oz. 25c;  
1/4 lb. 70c**

Strawberry plants prove better than you said. Your goods speak for themselves. Mr. C. A. Fritz, Covington, Ohio.

## Postage Rate

Our reasonable postage rate. We will pay what is over this amount. On Strawberry Plants, Asparagus Roots, Gladioli and Evergreen seedlings, 10c per 100 in Michigan, Indiana, Illinois, Wisconsin and Ohio. 15c per 100 in other nearby states. 20c per 100 west of Missouri river and Southern Gulf and Eastern Coast states. 30c per 100 west of the Rockies. California, Oregon and Washington, 45c per 100. Red Raspberry plants, Rhubarb roots, Dahlias and Canna bulbs, one-half more than above rate. Black Raspberry, Blackberry, Grape plants, two-year-old Asparagus roots and transplants, double the above rate. Postage on Evergreen transplants, 7c each; west of Rockies, 15c.

On small orders, 50 plants same rate as 100; 25 plants, one-half rate. Be sure to allow postage. Otherwise just remit the cost of stock

ordered. When order arrives pay postage and C. O. D. fee to your postmaster or carrier. This will insure the parcel.

After 4th zone 500 Strawberry plants will go cheaper by express. Our express goes into through cars. -Can reach Pacific coast in 5 days; Atlantic, 3 days.

**Cash with order or 10 per cent deposit** will book your order. Balance can be paid at shipping time. Orders under \$1.00 can be sent in 1 cent stamps, please.

Shipping season, October until June. We can ship at times in February, but March until June is our main shipping season.

Orders of greater volume now bring you lower prices. **WHY PAY MORE?** All stock **GUARANTEED TRUE TO NAME.**

**AS WE ARE TODAY**

## You Are Invited to Visit Our Nursery

**W**E WISH to extend to all that receive our Seventeenth Annual Catalog the best wishes possible for 1934. To our friends old and new we are describing our hardy northern grown plants, shrubs and seeds. I hope that you will enjoy reading this catalog, in just plain words. My success with strawberries and truck gardening is my life's work with interest. Our specialties are berries, sweet corn and melons. Our high class resort trade always demands the best that can be grown. Therefore we list only the cream of the best varieties in berries and seeds as we use ourselves in commercial market.

For the best success you must have hardy northern grown plants and seeds from our cold water climate of Lake Michigan. As our nursery is only one-half mile from Lake Michigan, our plants stay dormant till about May. Sometimes we still have ice on the lake first of May. Plants from the North are a success everywhere.

We appreciate and wish to thank our many customers, for their patronage during the past sixteen years. Also those that have recommended us to their friends or have loaned them our little catalog.

The growing of strawberries is very similar to growing other farm crops, and simple to set out the plants. All that is required is a suitable piece of land that will grow a good crop of corn or potatoes. Use the same judgment you would in setting vegetable plants. Make a hole with a spade or dibble and set roots straight and slightly spread; this will give them moisture and they will start immediately. Do not cover the crown or the heart of the plant. Plant strawberries in the spring as early as possible and keep them free from weeds. One can set them any distance apart desirable, as to the room one may have.

For home garden, set 12x18 inches. It will require about 10,000 plants to set one acre 18x36 inches. The best fertilizer for strawberries is barnyard manure. Green crops such as Soy Beans, Rye and Vetch plowed under are also good.

All varieties listed in this catalog are of perfect blossoms and can be planted alone. Young runner plants may be cut off or laid along the row as desired. Be sure to pick off blossoms from new set beds until July first, about three times. The plants will have a better opportunity to become established and develop better root system before beginning to fruit. Not necessary to bud the second year for early spring bearing. For best success set out a new bed each year from your young runner plants.

**Set just right**

## YOUR PROTECTION

Our Guarantee will be your protection. All stock listed, State Inspected under No. 2611. Certificate of Inspection accompanies each shipment. Guaranteed as represented in our catalog, fresh dug, from young beds, cleaned and trimmed, ready to set out. Arrive in live and perfect growing condition. Everbearing guaranteed to bear first year set, and absolutely **TRUE TO NAME**.

We shall in no case be liable for any greater sum than the amount paid for Seeds, Plants or Bulbs we sell and will be in no way responsible for the crop. Weather conditions and planting is beyond our control.

All orders are booked subject to loss of crop by frost or other unavoidable causes. On proper proof we will refill your order or refund your money on any that are not as above mentioned.

## HOW WE PACK

**Mastodon tied with red string; Champion with green; Premier with yellow; Washington with black; Oak Hill Special with purple; Dunlap with brown; Blakemore with blue; Red Gold with gray; rest with white. All are labeled.**

Plants shipped by express are packed in light pioneer, southern gum wire-bound crates with damp moss. Parcel post shipments are packed in damp moss, and wrapped in waterproof lining paper. All our plants are dug each day as needed and packed at night when plants are cool. By this method you get them in the best of growing condition. We want every prospective customer to know that when you send your order to Oak Hill Nursery you are getting your stock direct from the grower. All our plants are certified. There are no better plants grown than ours this year. The only difference is the price. **SO WHY PAY MORE?** You will find that our plants are trimmed and cleaned, ready to set out. We get a lot of compliments from our customers on cleaning and packing. Saving them transportation charges. Bigger values with less money all the way around. We are not the largest nursery. But we have tried to please over 25,000 customers. I am sure that we can please our new ones this year with the finest berry plants grows.

## AN APPRECIATION

To our new Customer: Or at least I hope you will prove to be a Customer. Maybe not, but I will keep hoping, anyway. Of course I do not expect to get an order from everyone I send a Catalog to, but I am one of those optimistic, hopeful sort of fellows who always look at the brightest side first.

I personally thank you in advance for any order that you give us this year. Whether it is large or small it shall have my personal and prompt attention.

Yours very truly,

**EDW. L. LUBKE.**

**AS WE USED TO BE**

## Statuary for Your Home, Yard or Rock Garden

Made of the best material known. Not of plaster paris. Made of our own special formula, non-poisonous, odorless and weatherproof. Casted hard. We make over a hundred different items for Rock Gardens. ## Asparagus Roots

**MARY WASHINGTON**—A new pedigreed strain, rapidly replacing all other varieties. U. S. Department of Agriculture introduced this famous new rust-proof variety after many years of scientific breeding. This remarkable strain has long mammoth tender shoots, unopened, and do not start to leaf out even when they are 2 feet high. Why not have the best, earliest and most delicious vegetable from your garden. When snow goes, asparagus comes. One planting will last 20 years. Start now. Heavy one-year-old roots.
